**Dear participants and guests of the Forum “Healthcare Week in the Kyrgyz
Republic”**

The American Chamber of Commerce in the Kyrgyz Republic (hereinafter referred to as the Chamber) is pleased to welcome you to the 16th International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”.

The mission of the expositions held by BiExpo is in tune with the ideas of our organization, whose members are more than 80 leading enterprises of the country. Along with exhibition organizers, the Chamber strives to create a favorable and competitive business environment in the Kyrgyz Republic, promote the potential of domestic and international investors, and improve the conditions for doing business in the Kyrgyz Republic.

The event, which has earned the trust of hundreds of participating companies from around the world, unites two international specialized expositions - the MedExpo Kyrgyzstan healthcare exhibition and the Dental-Expo Kyrgyzstan dentistry exhibition. The forum is widely regarded as one of the largest and reputable country congress and exhibition events in the field of health care.

The expositions provide us an opportunity to get acquainted with the achievements of modern medicine and dentistry, as well as appreciate the high professionalism and wide range of products of the world leading companies representing well-known brands in the territory of the Kyrgyz Republic and in the countries of Central Asia.

I would like to warrant you that the forum will certainly contribute to a successful dialogue between practitioners and manufacturing companies, representatives of the scientific community and the educational segment, heads of government departments and the business community and will become an effective link in the implementation of the urgent tasks of the industry.

I wish our organizers, guests and participants of the “Healthcare Week in the Kyrgyz Republic” success, fruitful work and interesting discussions.

**Respectfully,
Executive Director**

D. Imanaliev
