Dear Friends,

JIA Business Association is glad to welcome you to the 16th International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”, which unites the largest industry events of the country: the 16th International Specialized Exhibition of Healthcare MedExpo Kyrgyzstan and the 6th International Specialized Exhibition of Dentistry Dental-Expo Kyrgyzstan.

JIA is a platform that consolidates about 1,000 small and medium-sized businesses. The activities of the association are aimed at developing an innovative socially responsible business community of the Kyrgyz Republic and promoting cooperation between the commercial sector and government institutions, international organizations and civil society.

To a great extent, the achievement of these goals is facilitated by holding in Bishkek of the largest annual event in the field of health protection - the Healthcare Week in the Kyrgyz Republic forum, which clearly demonstrates the achievements and priorities in the development of domestic medicine.

Traditionally, the MedExpo Kyrgyzstan and Dental-Expo Kyrgyzstan exhibitions provide guests and participants of events with the opportunity to discuss a wide range of industry development issues, including the prospects for modernizing healthcare facilities, increasing the availability and quality of medical care for citizens, the possibility of exporting medical services and other areas.

I would like to express confidence that the forthcoming forum will enrich the experts and visitors of the expositions with knowledge and will help strengthen the competitiveness of domestic companies, as well as the entry of new enterprises into the market of the Kyrgyz Republic.

I wish you to scale new professional heights and achieve your ambitious goals.
