

**Welcome letter of
Director of Department of Medicine
Provision and Medical Equipment
under MoH KR
Kagazdiev N.M.**

Dear colleagues!

Welcome to the 16th International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”, the 16th International Specialized Exhibition of Healthcare MedExpo Kyrgyzstan and the 6th International Specialized Exhibition of Dentistry Dental-Expo Kyrgyzstan.

The implementation of the state policy to provide the population and medical and preventive organizations of the republic with highly effective medicines, medical devices and medical equipment are the main priorities of the Department of Medicine Provision and Medical Equipment. At the same time, the department is working to attract investment and increase the economic potential of domestic producers at the international level.

Traditionally, the Department acts as a partner of the International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”. MedExpo Kyrgyzstan and Dental-Expo Kyrgyzstan expositions provide foreign and domestic companies with a unique chance to present advanced technologies and achievements, increase organization and brand awareness, as well as expand and strengthen partnerships with suppliers and dealers from around the world.

I am confident that the holding of the Healthcare Week in the Kyrgyz Republic forum will contribute to solving the most important problems of medicine and dentistry, create qualitatively new opportunities for promoting innovative technologies, and also serve as a systematic development of business partnerships in healthcare.

I sincerely wish the participants of the exhibitions fruitful work and good luck in the implementation of strategic tasks.

**Director of Department of Medicine Provision
and Medical Equipment under MoH KR**

Kagazdiev N.M.
