

**Welcome letter of
Acting Minister of Investments
Baiasov N.M.**

Dear friends!

On behalf of the Ministry of Investments of the Kyrgyz Republic, I am happy to welcome you to the 16th International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”.

As a government agency authorized to attract foreign capital and assist international companies in finding investment opportunities in Kyrgyzstan, the Agency actively supports the holding of the forum that brings together profile expositions of healthcare MedExpo Kyrgyzstan and dentistry Dental-Expo Kyrgyzstan.

Events of this format help attract foreign direct investment, which is of strategic importance for the economic development of Kyrgyzstan. Holding expositions allows companies to exchange ideas, learn new experiences, get acquainted with the prospects and trends in the field of health care, positively influencing the disclosure of the potential of domestic exporters and the promotion of “Made in Kyrgyzstan” products to foreign markets.

Healthcare Week in the Kyrgyz Republic forum can rightfully be called one of the tools for implementing the country’s investment policy, a link between domestic and international markets. Exhibitions are an effective platform for expanding the geography of sales markets, deepening partnerships and implementing joint projects, including the format of public-private partnerships.

I wish all participants, guests and organizers well-being and success in achieving their goals.

Acting Minister of Investments

Baiasov N.M.
