

**Welcome letter of
Provost of Kyrgyz State
Medical Institute for
Retraining and Advanced
Training
Kurmanov R.A.**

Ladies and Gentlemen!

On behalf of the Kyrgyz State Medical Institute for Retraining and Advanced Training named after S. B. Daniyarov, I welcome you to the 16th International Congress and Exhibition Forum “Healthcare Week in the Kyrgyz Republic”, within the framework of which the traditional specialized exhibitions MedExpo Kyrgyzstan and Dental-Expo Kyrgyzstan will be held in Bishkek

The goal of KSMIR&AT is to meet the needs of specialists in obtaining additional deep theoretical knowledge and skills, as well as acquiring practical skills in programs for the effective performance of labour functions.

Healthcare Week in the Kyrgyz Republic forum seems to us to be the best professional communication platform that brings together leading suppliers and manufacturers of medical equipment, pharmaceutical products, special equipment, medical devices and other categories of goods and services.

The scientific and practical component of the forum takes a special place in the program of the event. It provides an opportunity for young professionals and experienced doctors, scientists and students to take part in presentations, seminars and lectures of speakers at the regional level and replenish a wealth of unique knowledge.

I am convinced that the exhibitions MedExpo Kyrgyzstan and Dental-Expo Kyrgyzstan will let guests and participants of the event establish new business ties and conclude mutually beneficial contracts, contributing to the strengthening of trade and professional ties.

I wish you fruitful work and success in implementing new ideas and creative solutions.

Provost,

KSMIR&AT n.a. S. B. Daniyarov

Kurmanov R.A.
